

InterStudies London Plus

The best way to start your cultural exchange!

There is no place like London!

InterStudies London Plus offers an introductory stay in London, combining several informative workshops with sightseeing and socialising. An excellent start to a cultural exchange!

A great way to start

The camp will give students a 'soft landing' and a great start to their programme, while exploring London.

The workshops cover a wide range of subjects from every day language and culture, to dealing with the most common issues, all designed to help students make the most of their High School experience.

Make friends

The orientation camp is a great opportunity not only to explore London, but also to meet other students from around the world, and make friends to meet up with again on tours offered during the programme.

Explore London

Our sightseeing excursions in London will give students the chance to experience all aspects of this amazing city.

We will, of course, cover all the must see sights, as well as combining the historic with the modern in the cultural and diverse melting pot that is modern day London.

What our students say:

London was really impressive and beautiful! I liked the sightseeing tours and also the opportunity to go off on our own and explore the city and the shops. It was amazing!! Everything definitely lived up to my expectations !!! – Emma

I ♥ London!
